

AHS Funding Options:

## **Client Directed Home Care Program**

What services do we provide?

### **Alberta BlueCross: Client Directed Home Care Program**

*Services are based on your home care assessment*

- **Personal Care** includes assistance with personal hygiene, dressing, toileting, mobilization and transferring, feeding, oral care and medication management.
- **Home Support Services** includes services, such as assistance with homemaking support in the form of laundry, bed changes, and general housekeeping tasks, meal preparations and companionship.
- **Respite Care** includes day, evening or night care to give unpaid caregivers (typically family) a break from care

### **How to Qualify?**

If you already receive in-home personal care funded by AHS, the transition can be seamless. If you don't already receive care, you will need to prove eligibility to get approved.
