How to access public funding for private home care support in Alberta

We match the current Self-Managed Care rate, so approved hours do not come out of your pocket!

1

Contact AHS to book an assessment for Self-Managed Care/CDHCI: 780-496-1300

Booking a home assessment may take several weeks through AHS. If you require immediate care, please contact Care At Home Services directly for expedited private care (1-866-982-2737)

2

Complete your assessment with AHS

AHS will provide a letter outlining the amount of approved hours for care funding based on personal needs. Once you receive this letter, send to Care At Home Services to begin support.

3

Care support begins from Care At Home Services

Our Nurse Case Manager will arrange a meeting to review your specific needs. All services are done within your home, at a time that works best for you. We then begin care within the approved hours by AHS. Additional hours can be provided by Care At Home Services for additional fees.

Please do not hesitate to reach out to our main office at 1-866-982-2737 for any additional questions you may have. Additional resources related to the Self-Managed Care/CDHCI Program:
